# TRACEY MOFFATT

MONTAGES

OCTOBER 28, 2010  
THROUGH JANUARY 2, 2011

## ABOUT THE EXHIBITION

The Bronx Museum is proud to present a complete installation of Moffatt's *Montages* (1999-2010). Shown collectively for the first time, the series of seven videos explores emotionally charged tropes of the film industry, relating to such themes as motherhood, race, love, and the artistic practice.
