

## New York Gallery Shows: Holiday Edition

Tiffany Chung, "Play," at Tyler Rollins Fine Art,  
December 11, 2008 – January 18, 2009

The new kids on the block at Tyler Rollins offer a much lighter take on political history than Robert Mann, with Vietnamese artist Tiffany Chung's aptly titled new show, "Play." In these photographs, Chung melds postures and trappings of communist propaganda with the garb and mannerisms of contemporary youth culture. It's an irreverent revision of her country's recent history that is as entertaining as it is thought-provoking.
